Full Stack Engineer

at Teads

Montpellier

We're looking for a Full-Stack Engineer to join our quickly growing team and help us reinvent digital advertising. Your goal is to design, architecture & implement applications to support our phenomenal growth and go after facebook and google ad business. We want you to build state of the art applications. You will work in feature team and should be comfortable with autonomy and ownership of large areas of the product.

===== What will you do ? =====

- Define our web architecture
- Develop reactive web application on both backend & frontend, closely with other members of the engineering team to ensure quality and sustainability of our code.
- Design and use development best practices that promote high quality software, good test coverage, peer code review, continuous integration, and rapid deployment

===== What are we looking for? =====

- BS Degree in Computer Science or related fields with a strong coding inclination
- Strong programming experience (2 years), with a good knowledge of web development
- Perfect mastery of Scala or Java
- Strong knowledge of Javascript (ES5+), HTML5 and CSS3

===== A quick overview of our tech stack =====

- ES6, TypeScript, React, Redux, Webpack
- Scala, Java, NodeJS, Spark.
- Terraform, AWS, Docker, Cassandra, Redis, Kafka

===== Where =====

- **Montpellier**

===== About Teads =====

Teads, founded in 2011, is the inventor of outstream video advertising and the leading native video advertising marketplace. Publishers work with Teads to create new video inventory, monetizing it through programmatic buying, their own sales force, or third parties including Teads Demand. Teads pioneers advertising experiences that respect the user, creating unprecedented levels of premium inventory which previously didn't exist.

Teads has a team of over 670 employees, 120 of whom are on the innovation team, across 35 offices in 24 countries. We're committed to creating a dynamic work environment that values diversity and inclusion, and represents employees across a variety of skill sets. We embrace contributions from all ages, sexes, races, ethnicities, religions, sexual orientations and gender identities.

In May 2017, Teads became part of the Altice Group, a convergent global leader in telecom, content, media, entertainment and advertising.
